

# PRESS RELEASE

Trinity Designs, Inc. unveils new Cancer awareness doll.

Houston, November 28, 2016

Doll designer and retailer shares their newest #Slay Cancer dolls with the world. They have introduced “Rochelle B. and Trisha O.” as a tribute to the many women who have fought, are fighting or will fight the battle against cancer.

These 16 inch beauties are sure to be a collectible women everywhere can identify with having either experienced this battle firsthand or having known or loved someone that has. The #Slay Cancer doll is a celebration of the strength and beauty within the women slaying cancer.

TDI will be donating a portion of the proceeds of their #Slay Cancer dolls to The Sisters Network (Houston and Chicago chapters) in support of the great work they do for the women and families slaying cancer.

Trinity Designs, Inc. is definitely taking doll design to the next level.

Nic'cole Graves, President & CEO

TDI celebrates all the beautiful women and girls who have slayed, are slaying or will slay the battle with cancer. We dedicate this doll that we consider a work of art to you.

Every cancer is a fight to be reckoned with. No cancer bigger than the other, none easier to bear than the next. TDI salutes, honors, celebrates and misses those that fought the good fight!

Trinity Designs, Inc. will donate a portion of the proceeds of the #SlayCancer doll to the Sisters Network Houston and Chicago Chapters. We believe in the work they do to provide support to the women slaying cancer.

Trinity Designs, Inc. | 5680 Hwy 6 • 1991 Mason City, Tx 77059
